

# 10<sup>th</sup> International DMS Symposium 2008

**DMS POWDERS**

11 – 14 May 2008

Kapama Game Reserve, Hoedspruit, South Africa

[www.kapama.co.za](http://www.kapama.co.za)

**Technical Tour: 14 – 16 May 2008**

Improved efficiency, higher recovery, latest design practices, industry examples – these are some of the topics covered in our 10<sup>th</sup> International Dense Medium Symposium.

Dense medium plants remain key to the beneficiation and recovery of heavy minerals and metals. Utilizing these assets for optimal economic performance should be the focus of all operations. As the leading supplier of dense medium ferrosilicon, DMS Powders aims to promote knowledge management within the sphere of dense medium applications. We therefore invite you to attend and participate in our 10<sup>th</sup> International Technical Symposium on Dense Media Separation, the only forum for FeSi knowledge exchange and networking.

## **Symposium Registration Fee: R3500 (Incl. VAT)**

Symposium will be held at the luxurious Kapama Game Reserve near Hoedspruit, RSA, 11 – 14 May 2008.
